Comments: Corresponding to your call with Mr. Böser on July 6th 2020 the drink "Tequila Sunrise" was prepared without grenadine syrup. It was not included in the delivery of the ingredients.
The drink "Jacky Cola" was prepared with the ration 50:50 (Coke : Jack Daniel's)
Version 03 replaces version 02 of 2023-03-07 (Test item corrected)
Version 02 replaces version 01 of 2020-07-28 (translated into English)

Evaluation: Concerning the conducted test parameters the drink "Malibu" without addition of GHB complies not with the specification. Each other drink with or without addition of GHB complies with the specification. No OOS-procedure was initiated, as wished by you at the beginning of the project.

Test procedure: The analysis was performed according to the operation procedure provided by the customer.

The analysis was performed non-GMP.
